Winging Skyward

Their wings are won! With their eyes to the future, the graduates of "42" are prepared to take up their responsibilities as navigators of the airways. Intensive training under experienced instructors, combined with occasional stunting, has helped to make them air-worthy of this momentous undertaking. Undaunted, they accept the challenge of the world to try their wings; to soar on through the uncharted aerial vastness until they achieve their goal. Contact!

DEDICATION

"And gladly would he learn and gladly teach."
—CANTERBURY TALES

The graduates of 1942 gratefully dedicate this volume of the Icarian to the memory of Mr. William Clark who devoted many years to the guidance and instruction of American Youth, and whose last act was in the performance of his duty as a teacher.

An outstanding representative of his profession, Mr. Clark's constant aim was to lead his students toward the goal of a richer and fuller life.

Dear Ellie -

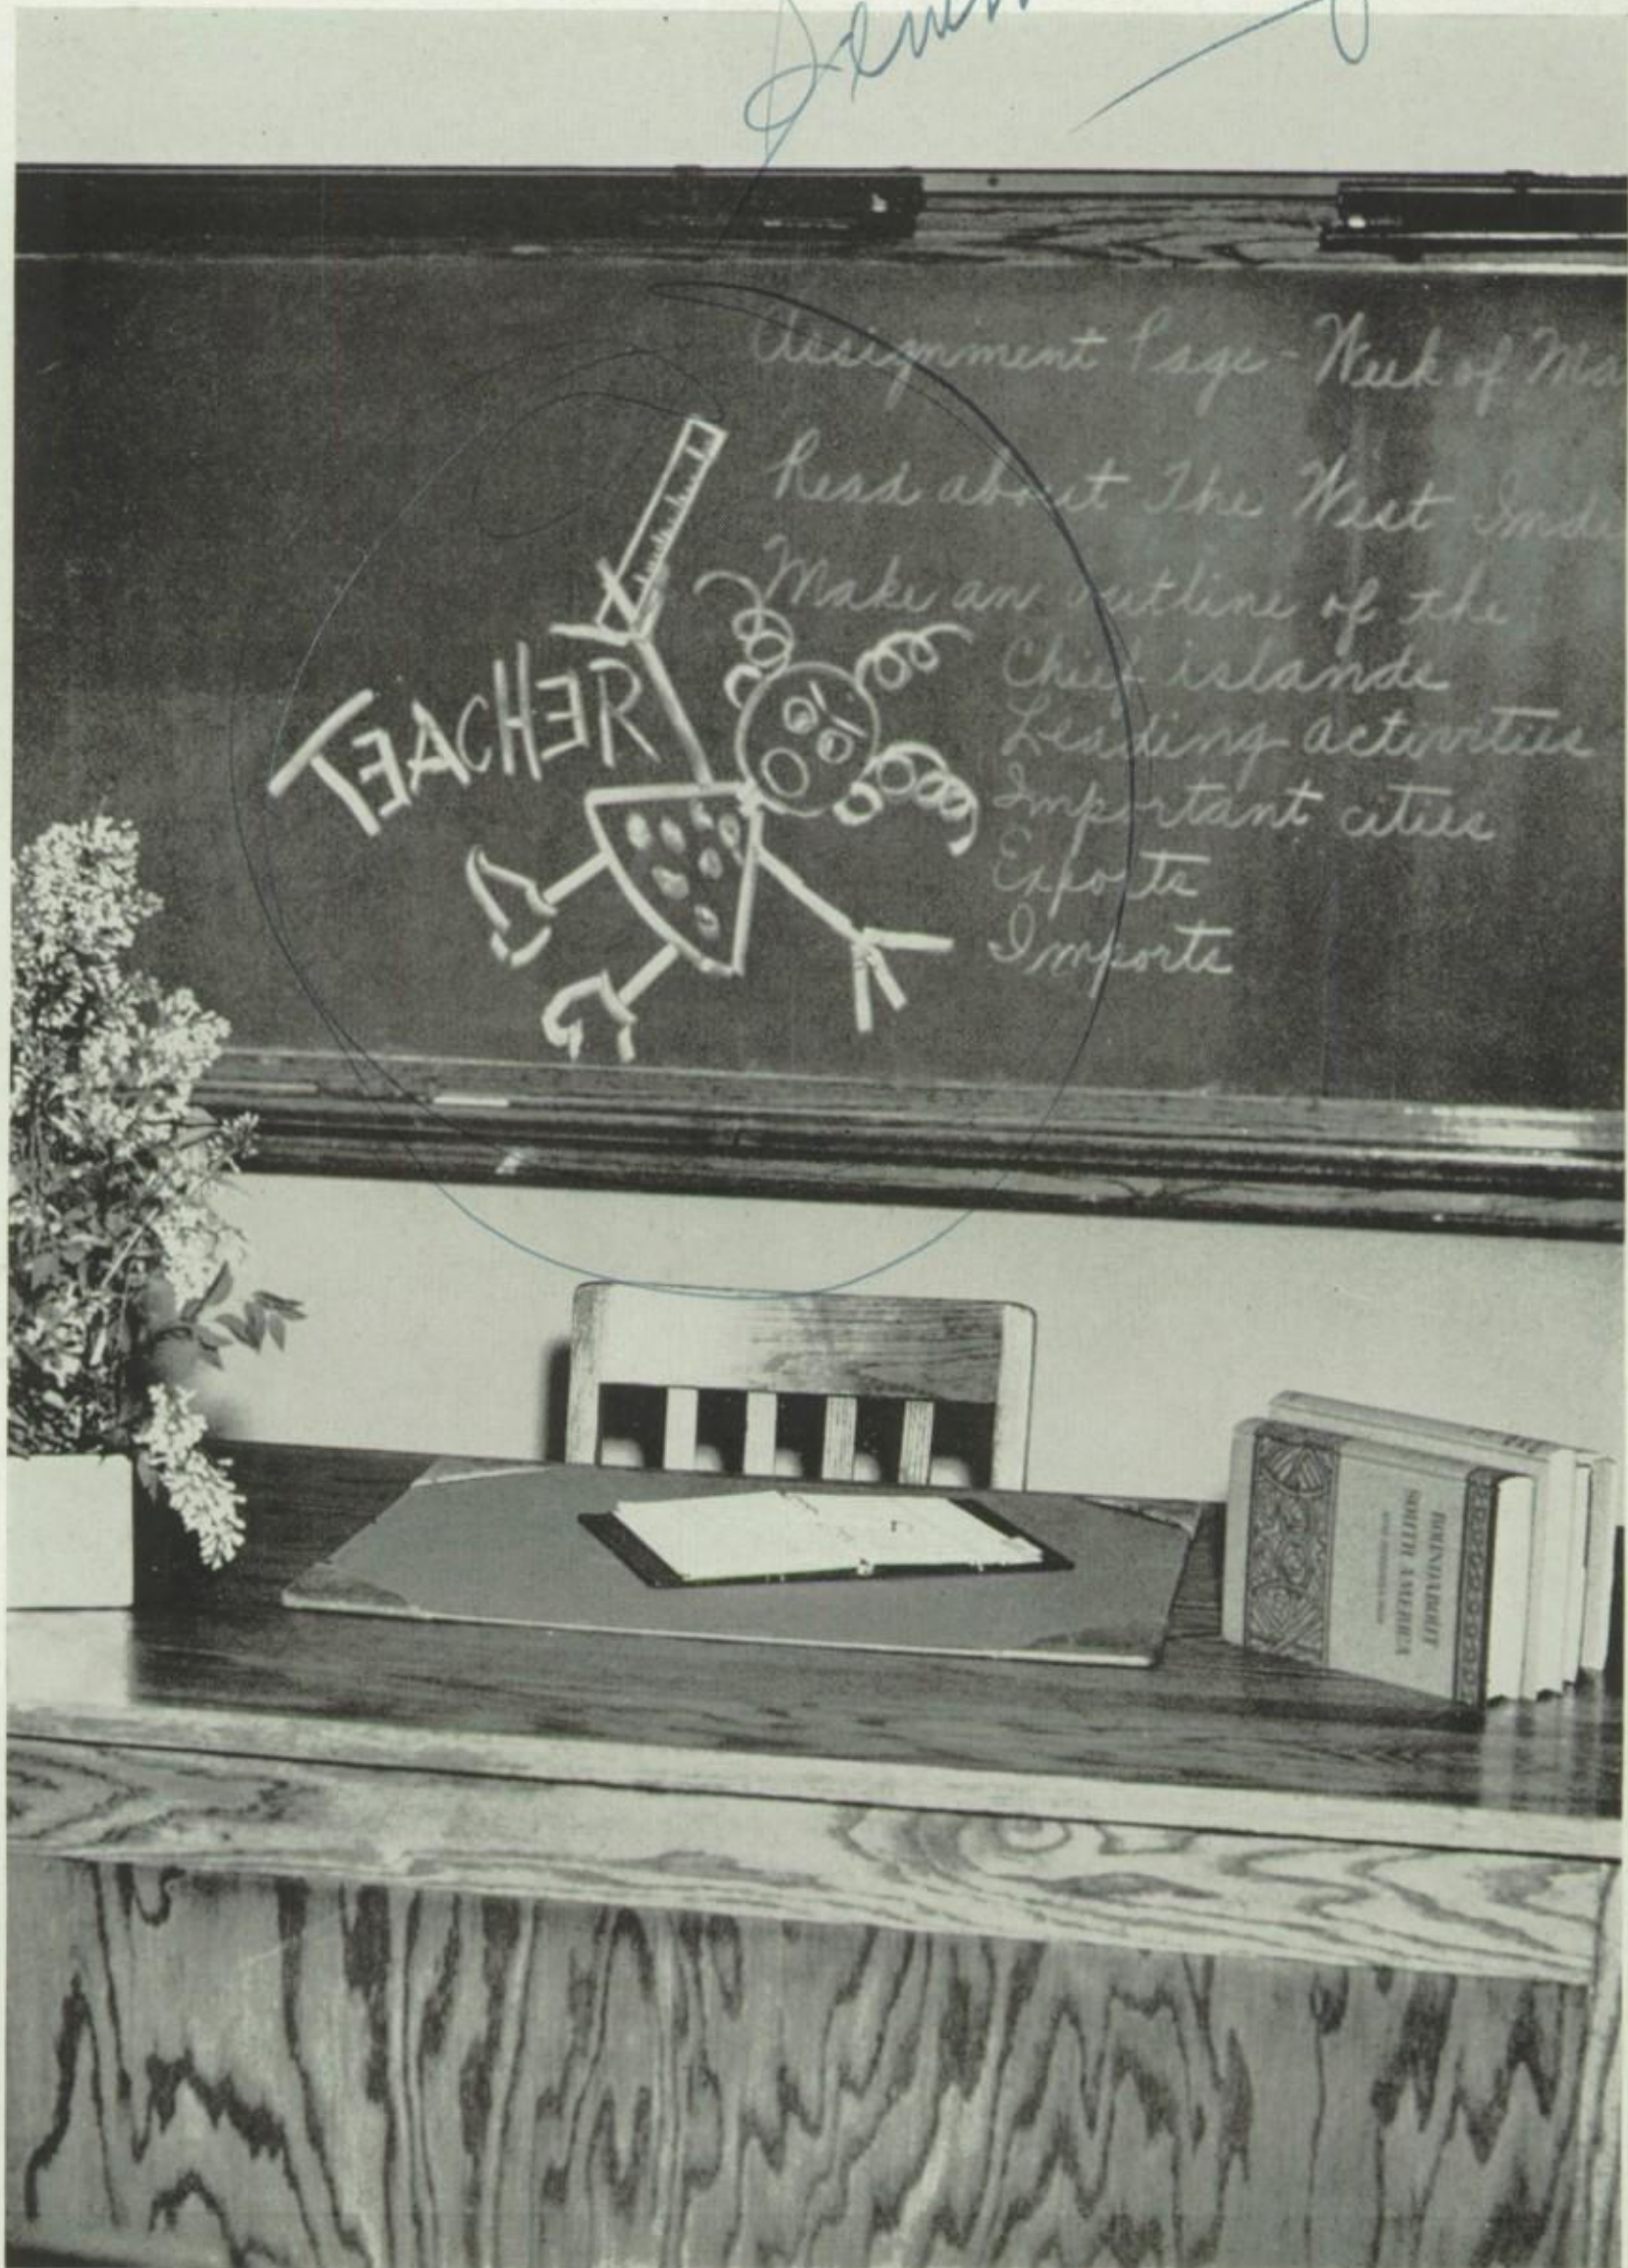

Golly I've seen you so little this last year - if it weren't for coming to school in the morning, it might not have been at all. See what boys and working can do? Mostly boys. One day I'll probably never forget is the memorable day we three ditched (well we didn't ditch, we just deserted Gage) and you went bounding out right in front of Aunt Bert - leaving me to explain how you got down there alone, and if I was sure I didn't go too. You is a monkey you is - but you're a damn cute one. I see the Luaua Mike. or shall I say Ham, I hope I see an awful lot more of you this summer. When you aren't out with —, —, —, or even —, then you're at Bea's - don't forget I live at 5348 Rockwell - well not for long but I'll leave my address when I move - and won't you please straddle a scooter and come out - or drag your best bean by the hair on his neck and make him drive you out - I'll have a lump of sugar for him when he gets there. Don't forget those double dates too, they're piling up, so if you still want them, pick up your 1 & only and let's go - Love always - Binta

INSTRUCTORS AND PILOTS

As inexperienced cadets we came under the guidance of our former instructors; as qualified pilots, we leave them. Through supreme understanding and patience, our faithful flight instructors directed our efforts toward winning our wings. Now with justifiable pride, they lift their eyes to watch us wing away into the sunset.

PRINCIPAL'S MESSAGE

TO THE GRADUATES OF 1942:

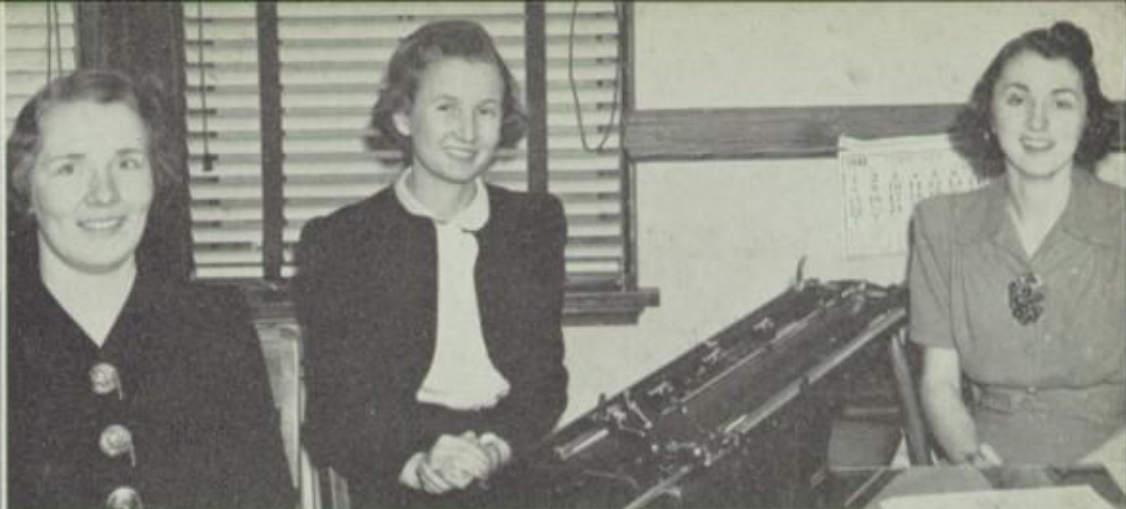

Throughout the Icarian of 1942 you have compared your school and anticipated post-school careers to that of an aviator. The progress of a pilot is often impeded by unfavorable flying conditions, and you also may encounter obstacles to your progress on the road toward your objective. As a pilot depends upon his instruments and training to guide him through adverse conditions, it is our hope that your high school education will assist you in the attainment of your goal. We wish you pleasant sailing and a happy landing.

Planning, directing, promoting, and assembling are the principal duties of the administrative officers. From arranging a practical social calendar and placing senior students in desirable positions to maintaining a well-organized secondary school and planning elastic programs for the student body, this efficient group, with the help of its clerical staff, completes the gigantic tasks assigned to it.

January Class of 1942

Well on their flight, was the January Class of 1942, when through their entrance into the Gage Park Hangar, the first desire for accomplishment was felt.

In accordance with the trend of the times, the girl cadets organized the Junior Red Cross Club. The desire to make Gage a success caused the individual squadrons to form alliances to promote scholastic and athletic enterprises.

Now as their ships are rolled out of the hangar and made ready for solo, they may leave, with the thought that a firm air-base has been left for the pilots of the future.

Who's Bessie?
Dearest Ellie:—
To put in words
what I want to say
is so very hard!
I want to wish you all
the luck that this big old
world can hold. All though
I live miles and miles away
I hope as friends we never
shall part. For Ellie you
have been a friend a real true
friend. I never shall forget
all the fun we had with
Bess and Anita. Wishing
you the best of everything
and hoping to see you
soon.

Love,

Carol Urbanick

P.S. You don't have to
wait to meet on the street
some day. My address
is 5322 S. Montauk. You
only need to hop a streetcar
and transfer to two other
cars and here. If that's
to much bother there is
still the telephone. My
number is Dartmouth 9443
there is also the Owl house on
the corner.

You've always been around

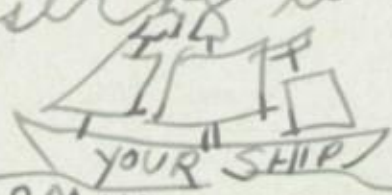

HAPPINESS

To spread a little fun.

WISHES

I'm trying to think of all the nice things I'd like to write here but you've got so many virtues it would be impossible to write them all in this page. I've gone through high school and grammar with you and I've never had a dull moment. I'll have to close now because Bell wants his fountain pen but looks of all that's wonderful - You really deserve it. Bye now, honey

June Class of 1942

The third and largest graduating class will be awarded wings in June, 1942.

During their mid-flight, enthusiasm, initiative, and interests of this class were shown in their election of the first class officers whose leadership promoted successful social activities.

Organization of the Student Council and Physics Club, selection of the first Rose Queen, the founding of the Senior Girls' Social Club, and sponsoring of the first Junior Prom, are the outstanding achievements of this class.

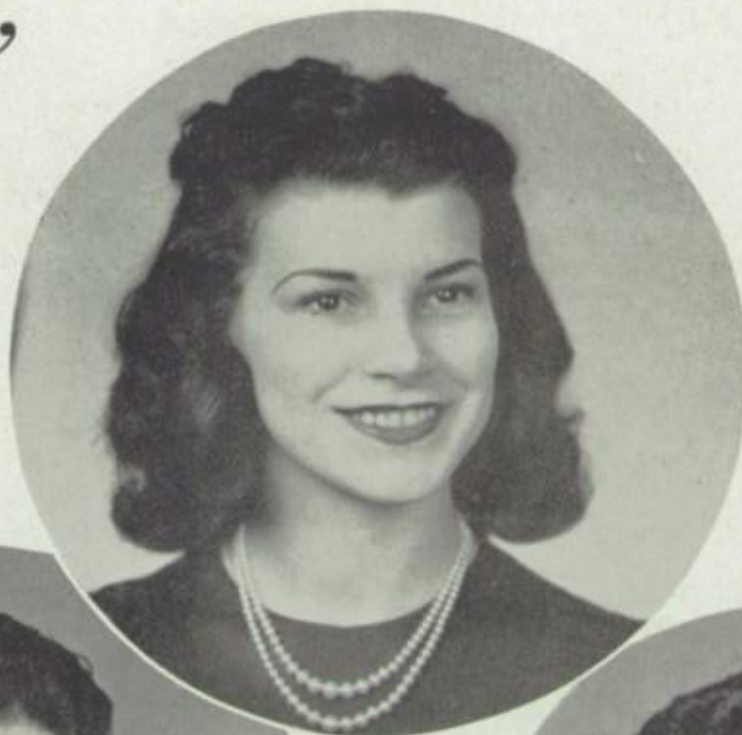

With their fine scholastic, social, and athletic records during the period of training, they have visions of a bright future.

Makes The Headlines

Mammy Yokum Throws A Party

Shades of Hairless Joe! The characters of Dogpatch come to life at the annual Sadie Hawkins' Day Dance.

The rustic decorations, the costumes the dancers, the mountain music, and the participation of the faculty—all serve to make the occasion unforgettable, for this is Gage Park's celebration of Hallo-we'en.

OUR COURSES

While flying due north at 30,000 feet, we encounter the music, history, civics, and mathematics rooms. Then dropping to 20,000 feet, the English and foreign language areas together with the home economics are observed. At 10,000 feet, we see the administrative sectors and the remaining home arts groups.

Reversing direction and roaring southward, the physical education and manual training districts are discerned. Upon rising to 30,000 feet, the art department looms into view. Traveling time four years - speed, optional.

Flight Leaders

Like the navigator of a Flying Fortress, the Student Council has through constant effort kept the airliner, Gage Park, flying on the right course. Besides guiding us successfully through numerous social events such as skating, social parties, a theatre party, a talent assembly, the famous Sadie Hawkins' Day Dance, and the mock trial of Mr. Quinn, in addition, they have conducted the more serious undertaking of the sale of defense stamps. They are ever on the alert for new fields of conquest to keep the colors flying.

The En-Gager Staff

"Where is that dummy?"

"My head is gone!"

No one is looking for the editor and you will not find a freakish-looking creature wandering about "headless."

You may say this is a queer vocabulary, but running a newspaper is a queer business. The En-Gager has been carrying on this business since September 26, 1939.

From its first publication under the editorship of Harry Ongman, the En-Gager has tried to bring to the students

the latest news at the earliest time, has upheld the high ideals which characterize the school, and has stirred the students to action when these ideals were threatened or further improvements found necessary.

Today, with Marilyn Klix as the chief executive, the En-Gager completes successfully four semesters of being "the newspaper of the students, for the students, and by the students of Gage Park High."

Junior Journalism

Meet the Junior Journalists, the bright group of students, who make things hum around Gage. The members of the Journalism 2 class, in addition to writing for the EN-GAGER, have enjoyed writing publicity for the Clean-Up Campaign and entering the Writers' Tournament of the Chicago Scholastic Press Guild in joint competition with members of the EN-GAGER staff. Also, some of their members have joined the Handbook Staff.

Ushers' Club

The unbroken quiet that prevails at our assemblies is not accidental. Through the able service of the ushers, under Mr. Reinsch's sponsorship, an orderly, well mannered program is possible. Their efficiency has won the approval of fellow students, and the many who have attended the Gage Park social activities.

Library and Bookroom

CHARTING CREW

Gage Park's Student Library assistants, a busy crew of seventy, give valuable service to the hangar and in return gain familiarity with charts, useful experience, and training in technical routine. Working at the circulation desk, returning spare parts to the shelves, checking flight orders, preparing new charts, delivering transfer slips, making bibliographies, and arranging exhibits, all make up the work of a cadet library assistant.

POWER LINE

Knowledge is the power that will keep the Gage Park flagship aloft. The cadet derives this power from an understanding of the material presented in text books.

The bookroom staff is the custodian of all text books. It assumes the responsibility of distributing and collecting text books, keeping accurate records of all books and receipts, and tracing lost books. The staff, sponsored by Miss McKillen, is composed of members of the service club and the N.Y.A.

MUSIC....

Throughout the ages, man has found music to be essential in voicing his own innate sense of beauty. Music is not a thing apart from man; it is the spiritualized expression of his finest and best inner self.

There is no one wholly unresponsive to the elevating appeal of music. If only the right

contacts and experiences are provided, every life can find in music some answer to its fundamental need for aesthetic and emotional outlet. Education fails in its cultural objectives unless it brings to every person the consciousness that his own spirit may find satisfying expression through the arts.

BAND and ORCHESTRA

Which do you prefer? A spirited march quickening the step or the soft strains of a Viennese Waltz? The choice is yours when Mr. Krupsky's Band and Orchestra Association renders a variety of music from "Washington Post" and "American Patrol" to "Intermezzo" and "Air de Ballet." These organizations increase musical knowledge besides furnishing delightful entertainment.

Girls' Glee Club

On wings of song, the Girls' Glee Club has brought fame and honor to Gage Park by winning two honor ratings in the Chicago Choral Contests. Those who heard them participate in the Christmas Program agree that the honors were merited. The Girls' Glee Club offers an opportunity to develop an appreciation for fine music through a harmonious blending of voices.

Choral Corps

"Music washes away from the soul the dust of everyday life."—Auerbach

From the low vibrant roar of the heavy bombers to the high pitched tone of the fighters, the airfield hums with action.

In similar fashion the twin societies of the Mixed Chorus and Girls' Glee engage in vocal soaring around their home bases. The bass and the soprano voices combine their efforts to prepare appropriate musical selections for such activities as the P.T.A., Thanksgiving and Christmas programs, Spring Festival, radio program, and choral contests.

The hangar salutes two cadets, Harold Kalata and Frank Horvath, who captured first place in a solo contest.

Upholding the high standards established by former cadets in training, members of the Honor Club strive to maintain the required fourteen point average. Working conscientiously in ground school, the fledgling flyers are easily recognized by their Honor pins, awards of merit. Assisted by Mrs. Vonesh, the Honor Club sponsors the annual Christmas Dance, a colorful event of the Yuletide season.

Ceiling Unlimited

It may be "ceiling zero" for slackers, but the Service Club Squadron has an unlimited service ceiling.

One of the largest squadrons in the hangar, it permits inexperienced cadets to acquire air-worthiness.

In addition to gaining altitude in the skies of knowledge, members accomplish a special service to their school each time they spend a flying hour or two in assisting an instructor, aiding in the flight office, charting rooms, and commissary.

As rewards for their service, members receive both their bars and personal satisfaction in having been invaluable cadets to their flying school.

Citizens of Democracy

Young America seems to realize the need of training in speech during this radio era. The work of the Public Speakers has fallen in step with the needs of the hour. Building a background for the writing of effective speech and learning to use with facility the tools of effective delivery, members of the Public Speaking group have contributed in a large way to the activities of the school. Organization of a CITIZENS OF DEMOCRACY club to promote interest in research and to further understanding of the functioning of our government, has been a stimulus. "Two Minute Men" of 1942, appointed to uphold the ideals and patriotism of American Youth during our fight for the freedoms, are serving as a strong and inspiring influence among the student body.

"Dramatics"

With the expansion of opportunities at Gage Park High School, the study of dramatics has found a fundamental place. More students are seeking the training offered, and enrollment for the coming semester promises to exceed greatly the enrollment of 1941. This enlarges the personnel of the Little Theater organization and makes provision for larger and more frequent productions.

A series of one-act plays are given during the semester. Emphasis is placed on a final production — a three-act play given at the time of graduation. Production of "The Tailor Made Man" by students of the class of 1941 was followed by "Brewster's Millions" offered in January.

The latest success was the production of Americas' play BARBARA FRIETCHIE, the FREDERICK GIRL (MY MARYLAND) written by the American playwright, Clyde Fitch. In giving this play the members of the Little Theater have had a twofold ambition — to produce a play of high dramatic merit and to make a fine patriotic contribution during this crisis of our national history.

Language Squads

"America for Americans" is the predominant thought of cadets today, but the foreign minded squadrons have broadened this by following the "Good Neighbor" policy.

The formation of the cadets into the Polish, French, Latin, and Spanish Clubs, has advanced them into a class by themselves. Here they study, absorb information, and make use of the cultures to be found in their respective languages.

But the highest achievement, is the bond of understanding these clubs bring to the cadets and their commanders.

Physics Club

Zooming around the Physics laboratory during their bi-weekly flights, student cadets of the Physics Club let their minds soar to high altitudes as they experiment with and discuss scientific topics under the instruction of Mr. Small.

For the few flying hours expended, students will be well repaid.

Chemistry Club

Using such hieroglyphics as H_2O , H_2SO_4 and $ZnSO_4$, Mr. H. Benson directs members of the Chemistry Club in various experiments. Symbols such as these are used in making creams, lotions, powders, and polishes, interesting enterprises of this organization. However, these amateur chemists are now striving to conserve materials in this national emergency.

To encourage mental alertness in the forming of opinions is the objective of the Debaters' Club. Organized in November, 1941, this club has aimed to develop improved methods of reasoning.

To aid in the understanding of legal procedure, the Debaters make periodic tours to the various courts of Cook County. A mock trial, as a result of these tours, was applauded as one of the most successful assemblies of the year.

Art Aids Activities

Art is rapidly becoming a major element in our daily lives. An increasing interest in the subject is evidenced by the growth of the art classes.

A glance into the workroom of the A.A.A. reveals a profusion of color in the posters, banners, screens, and other decorations which this talented group of students is continuously preparing for the many projects and social activities necessary to a progressive and modern high school such as ours.

Under the sponsorship of Miss Gertrude Watkins, the students are encouraged to use their initiative in developing their talents in this field. An example of this is the timely design on the cover of this yearbook which was developed by Milo Safar and Robert Gruntorad.

“Hall Guides”

Remember when you began your initial flight around Gage Park?

You had wandered far off your course until a friendly beacon in the form of a hall guide corrected your error in navigation. Some duties of the guides are being air raid and fire marshals as well as maintaining orderly runways.

To promote the practices of safety in the Hangar, and to arrange for the distribution of safety materials to the cadets and ground crew, the Hall Guides attempt to make each individual safety conscious, realizing that knowledge of the principles of safety is a part of the cadet's basic training. Under the command of Mr. Benson and Mr. Bulfin, this alert force of 120 insures the order essential to a well regulated air field.

Clean-up Campaign Club

The necessity of the cadets to realize the importance of the conservation of materials, and making the home barracks more comfortable is the aim of this worthwhile club.

To promote the idea of conservation in both the home and hangar, posters were made, and assemblies given involving the technique of conservation. The commercial department introduced budgets and handling of finances during time of war. As an additional achievement under Mrs. Shallenberger's sponsorship, vacant lots were surveyed by the members to establish victory gardens.

To terminate a successful campaign, the Clean-Up Club sponsors an annual Lei Day festival. These colorful events are welcomed with enthusiasm by the student body and help to create an Hawaiian atmosphere.

FLIGHT COMMAND

The new fighter, G. P. '42, has but recently left the assembly line and started on its test flight. When first rolled out onto the runway, it was not in perfect condition.

Despite loose controls, low compression, and inferior fuel, the fighter valiantly struggles into the air. Encountering the fogs of inexperience and the storms of opposition, the G. P. '42 speeds on gaining altitude with each game, so that now it flies high in the skies with the rest of the flight command.

"The Football Season"

This year Gage saw the organization of the new football team, the Gage Park Owls. In their first season on the gridiron, they achieved the distinction of being the first school among the members of the

City High School Football League to win a game in their first year of membership. In addition to this, they won the honor of receiving a trophy for outstanding sportsmanship.

The football season held one loss after another, but subsequent loss was by a smaller margin. Finally, the combined efforts of each player and the capable leadership of their captain resulted in victory.

Both the team and its supporters are indebted to coaches Egan and Rittmeyer for successfully developing the raw recruits who answered the call for football players. The achievements of the team are the visible evidence of their good training.

Basketball Season

The popularity of basketball at Gage Park rivals that of the traditional football. This is the result of the enthusiastic spirit with which the cadets engage their opponents. Squadron coordination needed further development mainly because many of the older pilots had left and had been replaced by young inexperienced cadets. Some of the foremost aces were disabled while in action.

However, when the time comes for the new winter offensive, our cadets propose to fight to insure Gage Park a number of successful contests in the future.

BASEBALL

FIRST ROW—E. Bucz, Captain; A. Dewinski, F. Nizick, E. Simo, E. Kosan, N. Modjeski, N. Jurkavic, R. Modjeski.

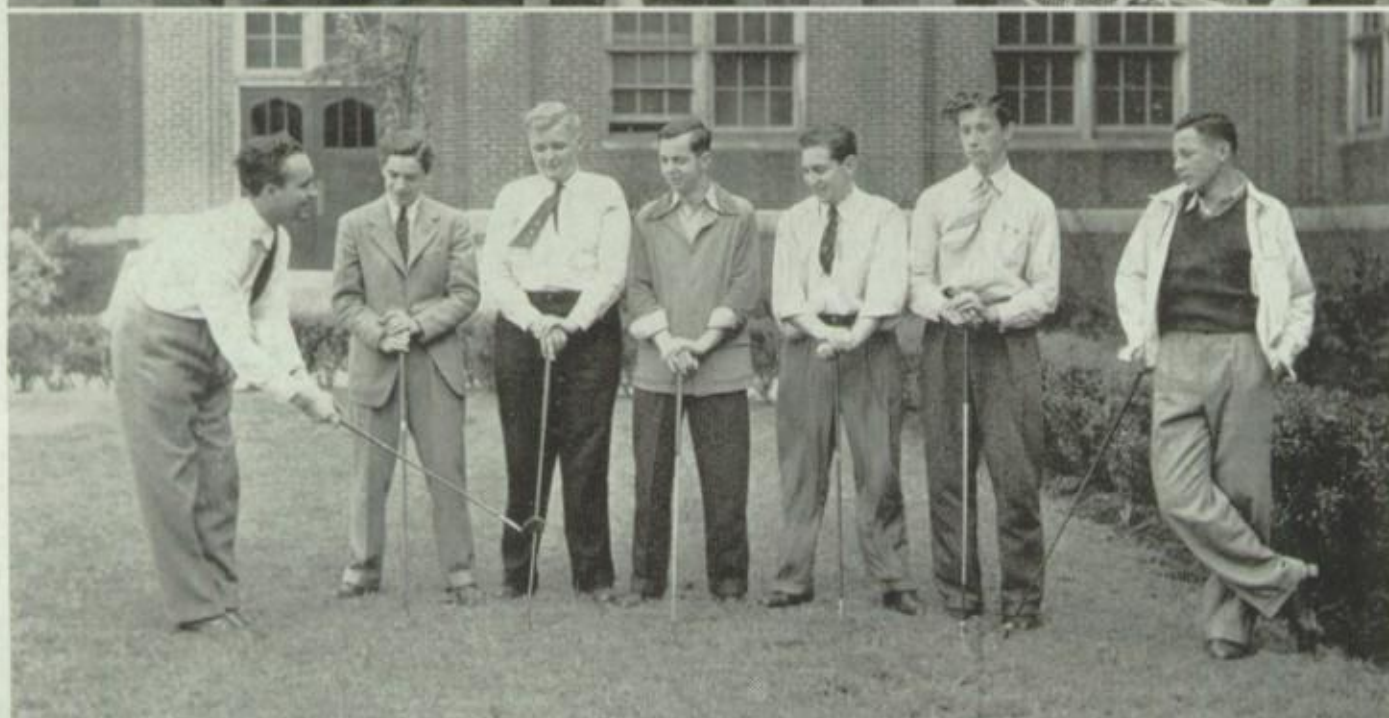

SECOND ROW — E. Marquardt, A. Conroyd, R. Sokolowski, J. Barber, E. Kolar, E. Busek, J. Kalmeta, Coach Stanger, L. Glielmi, Manager.

TENNIS

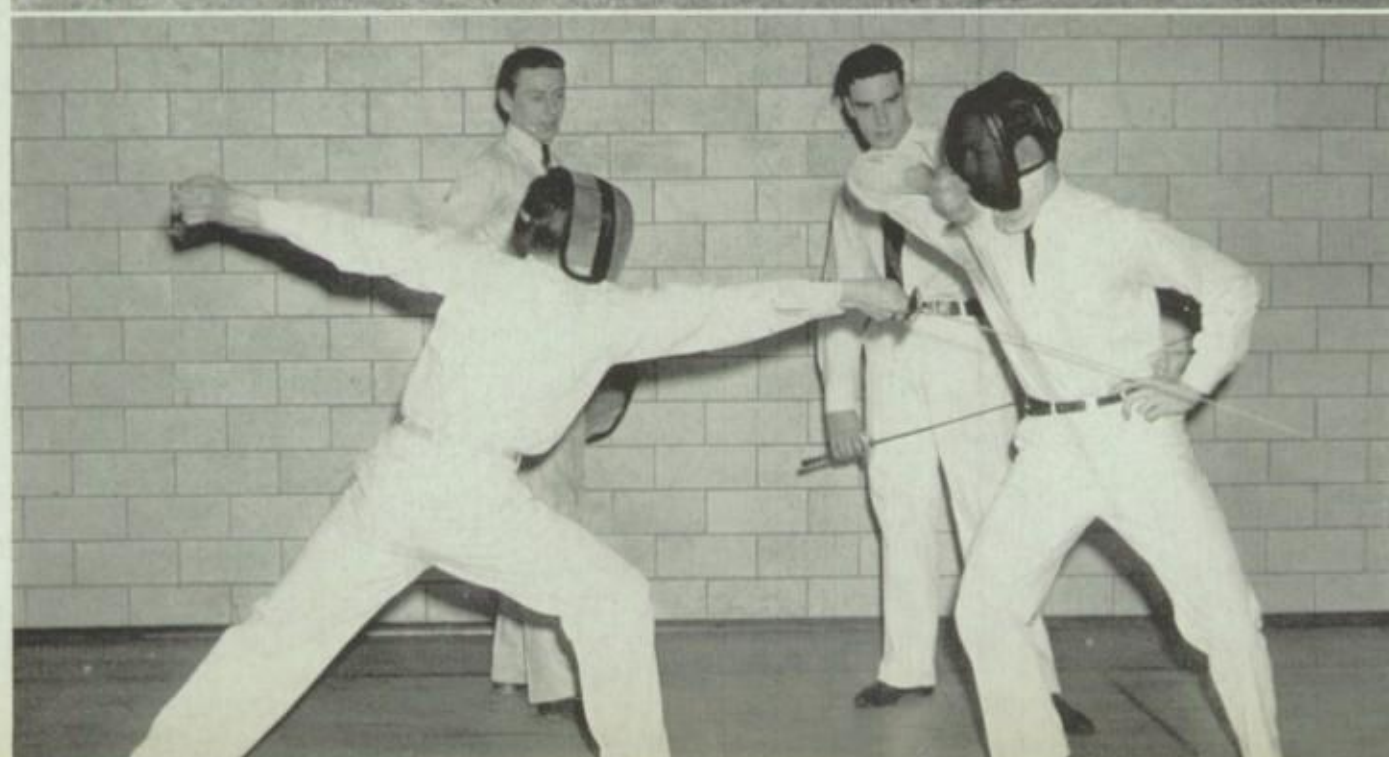

KNEELING—H. Holmes, F. Zimmermann, W. Matys.

STANDING—Coach Smidl, D. Plabac, W. Sikyta, L. Kariba, J. Sullivan, E. Schultz, D. Martella, W. Bruckner.

GOLF

Coach Bulfin, A. Gottschalk, E. Koncel, J. Jennings, B. Young, E. Rakowski, L. Cevenka.

FENCING

B. Schleuter, C. Dyszel, W. Konie, C. Skubic.

Baseball

Our baseball team started off this season by beating Kelly with a score of eight to three. The following game against Englewood ended in our favor with a score of seven to five. Again the Owls were victorious in a game resulting in the defeat of Lindblom by a score of eleven to two. A total of thirty-seven hits in three games by the Owls, indicates that our team is as effective at bat as our pitchers are on the mound.

Tennis

Five, love! This is not an expression of endearment but merely a method of keeping a tennis score. Gage Park's tennis team, equipped with lightning backhands, rapid forehands, and surprise net plays is determined to score high in future tournaments.

Golf

The Gage Park Golf Team is playing the game from the first tee up to the last hole. As a result of the professional ability of Captain LeRoy Cervenka and his team-mates, their first match with Kelly was lost by merely a half point.

Fencing

Fencing emphasizes muscular coordination. The fitness of our fencing students is shown in the record they made. In the All City Meet Gage Park placed fifth, having won fourteen fencing meets.

"Minor Sports"

Bowling

Gage Park's bowling team finished its third season with plenty to "spare." Although the season was quite successful, the bowlers were not satisfied and prepare to "strike" back with the intention of chalking up even more victories on next season's scoreboard.

Swimming

The Gage swimmers finished the last season with a commendable record of six victories and five defeats. Although Gage was not in any league competition, they were invited to meet other city high school swimming teams.

Despite a thinning of ranks by graduation, the few remaining swimmers, when bolstered by the new recruits, are assured of a repetition of this success.

BOWLING

SECOND ROW — L. Oakes, M. Dvorak, H. Skurta, O. Luchon, B. Kawdalec, H. Lach, L. O'Neill, D. Doligale, J. Zarnowiecki, J. Kelleher, D. Jockel, J. Simpson, Sponsor; L. Kamba, D. Osiadacz, M. Vodak, M. Matzkanin, R. Marek, M. Schultis, L. Sopcak, P. Scanlon, M. Solohubow, D. Bormus.

G. A. A.

Athletic ability, scholarship, and good sportsmanship are only a few of the qualifications of the G.A.A. Board members. The girls in their uniforms of white dresses and maroon jerkins are easily recognized in the gymnasium at all hours.

Through the guidance of the G.A.A., sponsored by Miss Simpson, the girls of the school learn how to keep in good physical condition, and how to earn school emblems and letters which are presented semi-annually at award assemblies.

Pond Paddlers

Becoming proficient in swimming and acquiring fundamentals of life saving are the aims of all members of the Life Saving Class.

These aquatic minded girls qualify themselves for a Junior Red Cross Life Saving test after two semesters of participation for which they receive a badge and a membership card in the national organization.

Gym Leaders

Under the instruction of Mrs. King, the Girls' Gym Leaders keep the squadron in "V" formation. They have already mastered such duties as checking attendance, refereeing games, and supervising stunt activities. They are always looking forward to new fields of conquest.

Tennis

Another streamlined figure at Gage Park High School? Oh, yes, tennis is the sport that really keeps the girls fit. Learning how to hold the racket correctly, hitting the little white ball repeatedly, and volleying, make tennis players quick, alert, and graceful.

Strike !!

The Girls' Bowling Team scores 300 as far as skill, poise, and popularity are concerned. Under the direction of Miss Delaney, four teams were organized: The Bowlerettes, Lucky Strides, Ten Pins, and Alley Cats. These teams competed in the City-Wide Bowling Contest.

Girls' Sports . . . "Yell Squad"

Yea, Team!!

With arms, legs, and bodies moving rhythmically at a peppy tempo, the cheer leaders in maroon and white lead the enthusiastic crowds to urge the team on to victory.

Although the cheer leaders travel far and practice diligently at regular intervals, these "pepper uppers" never shirk, for their energy and unflagging spirit, inspired by their sponsor, Mrs. King, never waver.
